## R2500iS - 2.5kW Inverter Generator

The RATO R2500iS inverter generator gives that extra 500 watts of running power compared to the R2000iS model, making it the perfect genie for those who want to spend time in the great outdoors, whether it be camping, caravanning or hitting the road in your motorhome or 4WD.

With a rated output of 2,300 watts, this quiet and lightweight generator can run for up to 5 hours on continuous 1/2 load operation.

The R2500iS features a parallel-in function, meaning two inverter generators, with the same specifications or not, can be in joined with the RATO parallel to increase your power.

- Features**
- 4 stroke OHV engine - 122cc
  - Spark arrestor
  - Eco throttle function
  - Auto decompressor
  - Fuel gauge
  - Brushless alternator
  - 2 x built in USB ports
  - Independent fuel tap
  - Easy access maintenance door
  - Lightweight and low noise level/ noise insulator

| Specifications                    | R2500iS                                    |
|-----------------------------------|--|
| Type                              | Inverter                                   |
| Engine model                      | R120-Vi                                    |
| Engine type                       | Air cooled, 4 stroke, OHV, single cylinder |
| Starting system                   | Recoil start                               |
| Displacement                      | 122cc                                      |
| Bore x Stroke (mm)                | 60 x 43                                    |
| Compression ratio                 | 8.2 : 1                                    |
| Rated frequency                   | 50Hz                                       |
| Rated voltage                     | 240V                                       |
| Rated power                       | 2.3kW                                      |
| Max. power                        | 2.5kW                                      |
| DC output                         | 12V / 8.3A                                 |
| Fuel tank capacity                | 4.5 litres                                 |
| Full load continuous running time | 3 hours                                    |
| 1/2 load continuous running time  | 5 hours                                    |
| Noise (7m)                        | 67dB                                       |
| Dimensions (L x W x H mm)         | 520 x 320 x 460                            |
| Net weight                        | 25kg                                       |
